TERMS AND CONDITIONS:

Cannot be combined with other offers. Only **BRAVECTO QUANTUM** is eligible and qualifies for this rebate. Promotion ends October 31, 2025. To qualify for the "Promotional Rebate," a qualifying clinic must purchase a minimum of 5 vials of **BRAVECTO QUANTUM** cumulatively during the promotional period. Qualifying purchase(s) must be ordered within the Promotion Period, and the complete order must be invoiced within 7 days of the end of the Promotion Period. Maximum rebate payout for this Promotion Period is \$8,000.

Back-ordered products and returned products are not eligible. Clinic must pay full vet retail price on purchased **BRAVECTO QUANTUM** to qualify for rebate. Cumulative orders will apply to a single ship-to location and the rebate will be paid to the ship-to address on file. Orders may not be split between multiple ship-to locations under different ownership. Offer valid only for veterinary clinics that have a valid Veterinary Patient Client Relationship, as defined by AVMA. Offer available to clinics in the 50 United States or the District of Columbia only. Allow 8-10 weeks for rebate processing (after end of the Promotion Period). Void where prohibited by law. MAH reserves the right to cancel or amend this program without notice at any time, for any reason, at its sole discretion.

IMPORTANT SAFETY INFORMATION:

BRAVECTO QUANTUM (fluralaner for extended-release injectable suspension) for Dogs: The most commonly reported adverse reactions in a US field study included lethargy, decreased appetite, vomiting, diarrhea, elevated liver enzymes, and pruritus. **BRAVECTO QUANTUM** is not effective against lone star ticks beyond 8 months of dosing. Fluralaner is a member of the isoxazoline class. This class has been associated with neurologic adverse reactions including tremors, ataxia, and seizures. Seizures have been reported in dogs receiving isoxazoline class drugs, even in dogs without a history of seizures. Use with caution in dogs with a history of seizures or neurologic disorders. The safety of **BRAVECTO QUANTUM** has not been evaluated in breeding, pregnant, and lactating dogs. In some cases, adverse events have been reported following use of **BRAVECTO (fluralaner) Chews** in breeding females. For use in dogs and puppies 6 months of age and older. For complete safety information, refer to the product label.
